In this exciting **WORKSHOP** which is traditionally based you will be shown the secrets of painting with pastels, the colours, and under painting.

You will complete a painting with the help of some photos and experienced tutor, who will demonstrate techniques.

Learn to use this beautiful medium

It's like painting in oils and drawing at the same time.

Light over dark and dark over light

Soft Pastels are pastels in their most basic form.

They are water soluble, very soft in texture

and generous in their application of colour,
designed to cover large areas or intimate detail.

Many layers can be built to achieve beautiful impressionist
techniques as well as detail and brilliant colour.
